

WELCOME

THIS IS THE FOURTH ISSUE OF THE WEO MONTHLY NEWSLETTER

EACH ISSUE WILL COVER AREAS OF INTEREST INCLUDING:

RESEARCH | MEETING(S) | GLOBAL EVENTS | AWARENESS | UPDATE FROM YOUR ORGANISATION AND WEO

STEERING COMMITTEE

I am delighted to introduce and welcome a new member of the Steering Committee - **Philippa Bridge-Cook**

Philippa Bridge-Cook (she/her) was one of the founding members of The Endometriosis Network Canada and is currently the Chair of the Board as well as the Co-Chair of EndoAct Canada.

Her own experience with endometriosis sparked her passion for helping others who are also suffering because of the disease.

Philippa is a scientific advisor, consultant and medical writer specializing in molecular diagnostics.

She has experience with medical advisory boards, scientific publishing, standard of care guidelines, medical education, and regulatory writing.

She brings her expertise in working with multidisciplinary teams and external stakeholders to her work as an endometriosis advocate.

SAVE THE DATE - WEO BI-ANNUAL MEETING

You will be sent an agenda and zoom invite 3 weeks before the event date Nov 22nd, 2022 and you will need to RSVP before then.

We don't have the exact times yet but the meeting time will be between 11am and 1pm UK time.

From there, you will be able to work out approximately the time for the meeting in your country / time zone.

PLEASE NOTE: more details to come.

Connect to the World Endometriosis Society online

ENDO Talks CZ is the first patient organisation in Czech Republic oriented on endometriosis. The founder and CEO, Misha Lebeda, started the organisation literally from bed in March 2021 shortly after her own endometriosis surgery.

They are focused on spreading awareness about the disease, helping the patients to reach expert care, find reliable information about endometriosis and advocate for the system changes that would make their lives easier.

Some of the few important projects that they have been able to deliver include:

- **Support centre** - the trained volunteers (also endometriosis patients) are helping clients in 1:1 way to orient themselves in the endometriosis, find the necessary expert help and also way how to live with the condition.
- **Animated series** - the goal of the project is to explain to young audience what is endometriosis and what they can do if they are suffering from it. The first part has also English voiceover and was created for Endomarch 2022
- **Endomarch 2022** - participated in the first organised Endomarch in the Prague.

After registering, you will receive a confirmation email about joining the webinar.

Webinar Registration

Topic	NICM HRI October Webinar: The Big Red Stain - Period Poverty and Menstrual Illiteracy in Indian Subcontinent
Description	Western Sydney University's NICM Health Research Institute presents Dr Sania Siddiqui, Founder and Director of Humjoli Foundation. ABSTRACT This webinar will draw on and discuss Dr Siddiqui's work in menstrual health, with a particular focus on period poverty and menstrual illiteracy experienced in countries such as Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, and Sri Lanka. She will provide an overview of the issues and challenges faced by the region, and what solutions are needed to cause change and greater awareness and education about menstrual health.
Time	Oct 20, 2022 01:00 PM in Canberra, Melbourne, Sydney
